No cemetery report.

Assessors report was read by Jamie.

Public input. Tim Ross mentioned the letter from Carol Ergang at the September meeting. He then asked about the election commission meeting and why the supervisor asked for Carol to not be present when the tallying was happening. Knight mentioned a disparity in the letter that she was a candidate on the ballot in November 2016 so was not able to work the election. Knight said that it was for the integrity of the election and it would not look good for our township to have someone who spoke out against a candidate on the ballot who has a write in candidate running against them. Knight also mentioned that she would feel the same way if this happened with other elected officials as well, not just this race for supervisor. Ross also mentioned that he will be at the township on election day and hopes that others would join him. He said he will maintain the 100' distance. Ross also mentioned other townships he has been to have spray painted or chalked lines in their parking lots to show the 100' line as well. Knight mentioned that Olson has purchased four new 100' signs to place at the township on election day. Ross mentioned a picture of him at the township in August and he stated that this was him, his wife and step-daughter waiting to vote and that it was the only time he was inside the building in August.

Lani asked that since Carol is no longer a resident of the township, can she work the election. Rhonda VanPolen mentioned that yes, non-residents can work the election.

Forbes mentioned that she is part of the Barry County Suicide Prevention Task Force. She provided a report to the board with numbers. The September 2020 numbers show an increase of 12 from September 2019. Smelker and Forbes mentioned how the state has cut out a lot of funding for Medicaid which helps to pay for mental health and substance abuse help.

Rhonda mentioned to make sure that the 100' mark is very visible for all to see and if anyone is at the township campaigning, to make sure they are proper as people are looking for improper things right now.

Minutes of the September meeting were approved by all. Motion by Jamie, second by Mike.

Lynnette presented the treasurers report. She mentioned that the fire in the escrow account has been cleaned up and funds have been released.
